Partnership

Introductions

One word introduction...

In the chat, please share your name, organization, and one word you would use to describe your personal purpose for joining this session

CEI is a state intermediary that acts as a statewide convener, innovation thought leader, and implementation expert

We believe all high performing systems must attend to the work across all of these Design Commitments

Whether we work in a small rural school or a large metro district, we believe these commitments are essential

Objectives for our time

- Understand and describe the recruitment and selection strategies CEI and districts used to get the “right people” on the taskforce
- Explore and consider several problems of practice CEI and the districts encountered and overcame during the formation and initial taskforce work
- Assess and apply the learning from experiences of the DEI taskforces in the Colorado school districts to their own circumstances

Agenda

Diversity, equity, and inclusion at CEI

Equity leadership in two unique district systems

Breakouts

Group Debrief

This Moment

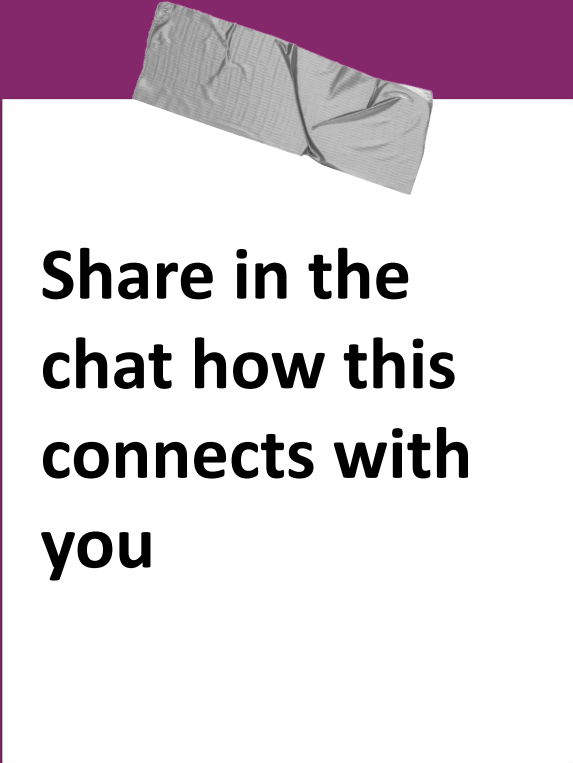

We can never fully see people if we refuse to acknowledge the systems that impact them.

We can never fully hear people if we refuse to honestly and openly listen to them.

We can never fully listen to people if we place our own status over their lived experiences.

We can never fully honor people if we choose our own comfort over their lives.

Overview of CEI Equity Principles

- Community-Driven/Open Systems Builds Real Enabling Conditions
- Self-Site-Sector Links Fractal Change
- Equity Audit / Common Data Builds Shared Reality
- Progress Not Perfection
- Hyper-Local Context Matters
- Narrative Shifting

Self – Site – Sector

Self work – the work of understanding, shifting towards and promoting anti-racism in your life

Site work – the work of understanding, shifting towards and promoting anti-racism and equity seeking behavior in your organization

Sector work – the work of understanding, shifting towards and promoting anti-racism and equity seeking behavior in the sector in which you work

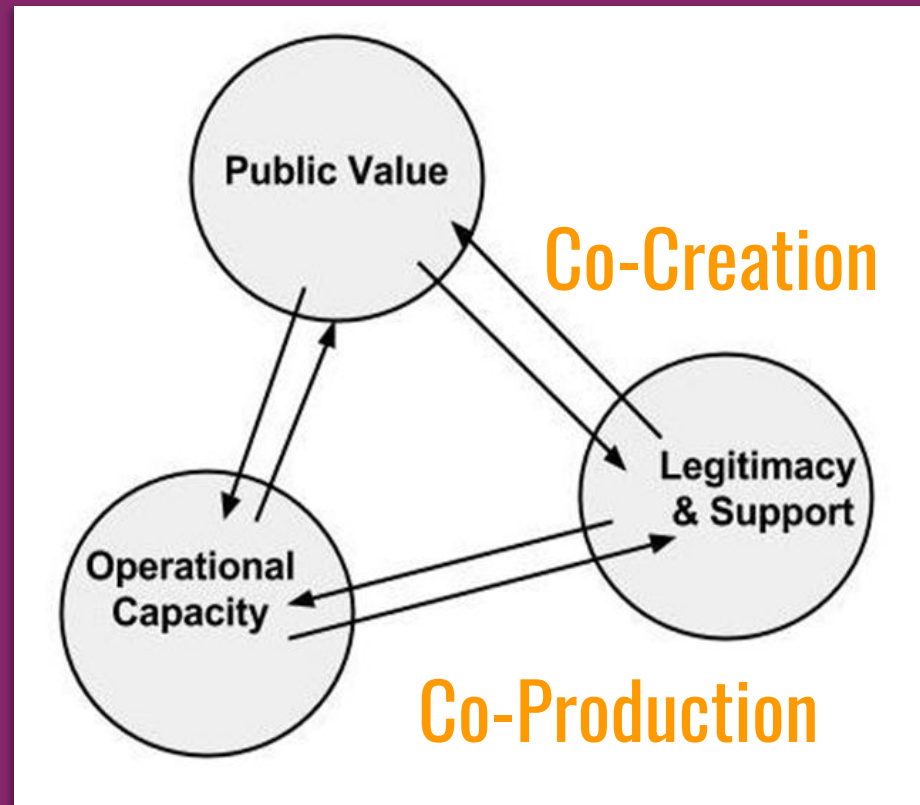

Equity Task Force & Council Purpose

- Equity Task Forces are charged with reviewing data, practices and policies related to their local school district
- Equity Councils constitute long-term efforts to bring the community, families, and students of local school districts into discussion around large decisions related to equity within the district
- Topics have focused on dealing with the issue of School Resource Officers transitioning to look at other issues that are in front of the district; providing high-level district recommendations, and long-term recommendations for equity discussions
- These are powerful open system opportunities to co-create and co-produce decisions with an equity lens

Boulder Equity Opportunity

EDUCATION

Boulder Valley School District will end its school resource officer program. But that doesn't mean cutting ties with police altogether.

The school board voted Tuesday night to develop a new plan for the district's relationship with police by May and to fully end the SRO program by January 2022

Boulder Equity Council Process

Equity Council Scope & Sequence

Date	Topic	Session Agenda	Presenters
9/16	Meeting 1: Overview, Welcome, Norms and Schedule	<ul style="list-style-type: none"> Welcome Purpose Norms Equity at the Center Timeline Personal Stories Shared Vision of Success 	Rob Anderson Welcome Mike Gradoz Why EC Board Members Charge
9/23	Meeting 2: Learning Session with District & Security Staff	<ul style="list-style-type: none"> Review Norms, Shared Vision All about SROs Closing Reflections & Further Questions 	SRO Overview External Partners
9/30	Meeting 3: Reflection and Discussion (Small Group and Whole Group)	<ul style="list-style-type: none"> Review Norms, Shared Vision Panels & Presenters Whole Group Reflections - create framework for recommendations 	Student Panelists Principal Panelists Public Defender CASA
10/7	Meeting 4: Designing initial recommendations	<ul style="list-style-type: none"> Review Norms, Shared Vision Impacted Students & Family Panel Creating initial recommendation set Presenting back out to the whole group 	Students & Families DAC Subcommittee Rep
10/14	Meeting 5: Finalizing Recommendations	<ul style="list-style-type: none"> Review Norms, Shared Vision Construct and finalize whole group recommendations 	
10/21	Meeting 6: Transition to Next Stage OR Additional Information	Depending on final recommendation status either transition to the next stage of the process OR additional information and time to revise process	

Reminder: What is a recommendation?

The task of the Equity Council is to provide a recommendation on the issue of School Resource Officers (SROs).

A recommendation is then presented to the Board and the Superintendent for consideration.

We are not solving the problem completely, but rather building a north star signal for the Superintendent and the Board.

Phased Approach

Phase 1:
DEI Audit
Preparation &
Data Collection

3 months

Phase 2:
Launch &
Facilitate
District-Wide DEI
Task Force

3 months

Phase 3:
Reporting &
Recommendations

2 months

Phase 4: DEI Strategies in Action!

RECOMMENDATIONS FOR DISTRICT ACTION

At the end of the Equity Audit process, the task force used a consensus model to suggest a set of recommendations for district action for the district to consider. The task force was asked to propose and come to consensus (90%+ agreement) about the language, structure and ideas. The task force was also asked to weigh perspectives on each of these ideas. These completed recommendations were then presented to the entire group and to district leadership. These recommendations are presented below:

1. Every Academy District 20 school includes policies related to individual dignity, equal educational opportunity, anti-bullying, and non-discrimination in their student handbooks and/or establish a baseline of standard district policies to which schools can then add on.
2. Academy District 20 should consider a pilot program for academic tutoring from the community for schools that have academically at-risk students.
3. Academy District 20 should provide additional intervention staffing based on identified student needs.
4. To close academic gaps, the district should identify a menu of best practices, use data to identify schools that have more/larger gaps, guide schools in selecting from those best practices, support them with training to implement, and provide follow-up/ accountability to do so.
5. Within the first quarter of the 2021-22 school year, all Academy District 20 schools will hold meetings with staff, parent, and student stakeholders to determine the justification and facilitate buy-in for ongoing equity work in the district.
6. Create a district discipline overview committee to review discipline data and ensure alignment between school policies and practices and flag any disparities among student groups. The district then follows up with schools that are flagged by the discipline overview committee.
7. Academy District 20 establishes a Director of Equity and Diversity position to hold the district accountable to a set of district-wide policies.
8. Centralize building rental dollars so that all money raised goes into one pot, and then share funds across the district based on pupil count. Use facilities rental dollars to offset student activities' costs. (Resources and Supports Group)
9. Have a marketing advisory board or panel that works with the schools to establish programs they might not think about to raise dollars, and create some mechanisms for principals to share facilities usage ideas with one another.
