Competency-Based Professional Growth Plan

The individual Professional Growth is a plan whereby the employee establishes goals for enrichment/development/improvement. The plan shall be aligned with specific goals and objectives of the School/District Improvement Plan based on their self-reflection, School/District Professional Development Plan and based upon individual need. Prior to completion of the Professional Growth Plan (PGP) the teacher will complete a self-reflection to assist in identifying areas of professional growth. (SCPS CEP, 2020-21)
