*PART 1: Who is **DISTINCTIVE SCHOOLS**?*

Hi!

HELLO

WELCOME

Hello!

Hi!

*The ***DISTINCTIVE SCHOOLS*** team*

- ★ **Stephanie Cardella**, *Executive Director of Curriculum Instruction & Assessment*
- ★ **Karey Henderson**, *Managing Director of Operations – MI*
- ★ **Sarah O'Connell**, *Deputy Chief of Schools – IL & Mentor Principal*
- ★ **Molly Quinn**, *Managing Director of Marketing & Communications*
- ★ **Jane Szot**, *Director of Special Projects*

We are ***DISTINCTIVE SCHOOLS***

Distinctive Schools is a 501(c)(3) non-profit organization dedicated to supporting and accelerating the work of charter schools.

- Distinctive Schools serves ~5,000 students in Chicago and Metro Detroit.
- We are a culture-first organization of innovative changemakers, committed to providing equity and access for all learners regardless of zip code.
- Founded on Innovation, Culture & Equity, our mission is to support each child in becoming an engaged and curious learner, a confident self-advocate, and a creative problem-solver by setting high expectations and nurturing a positive culture that honors diversity, collaboration, and optimism.

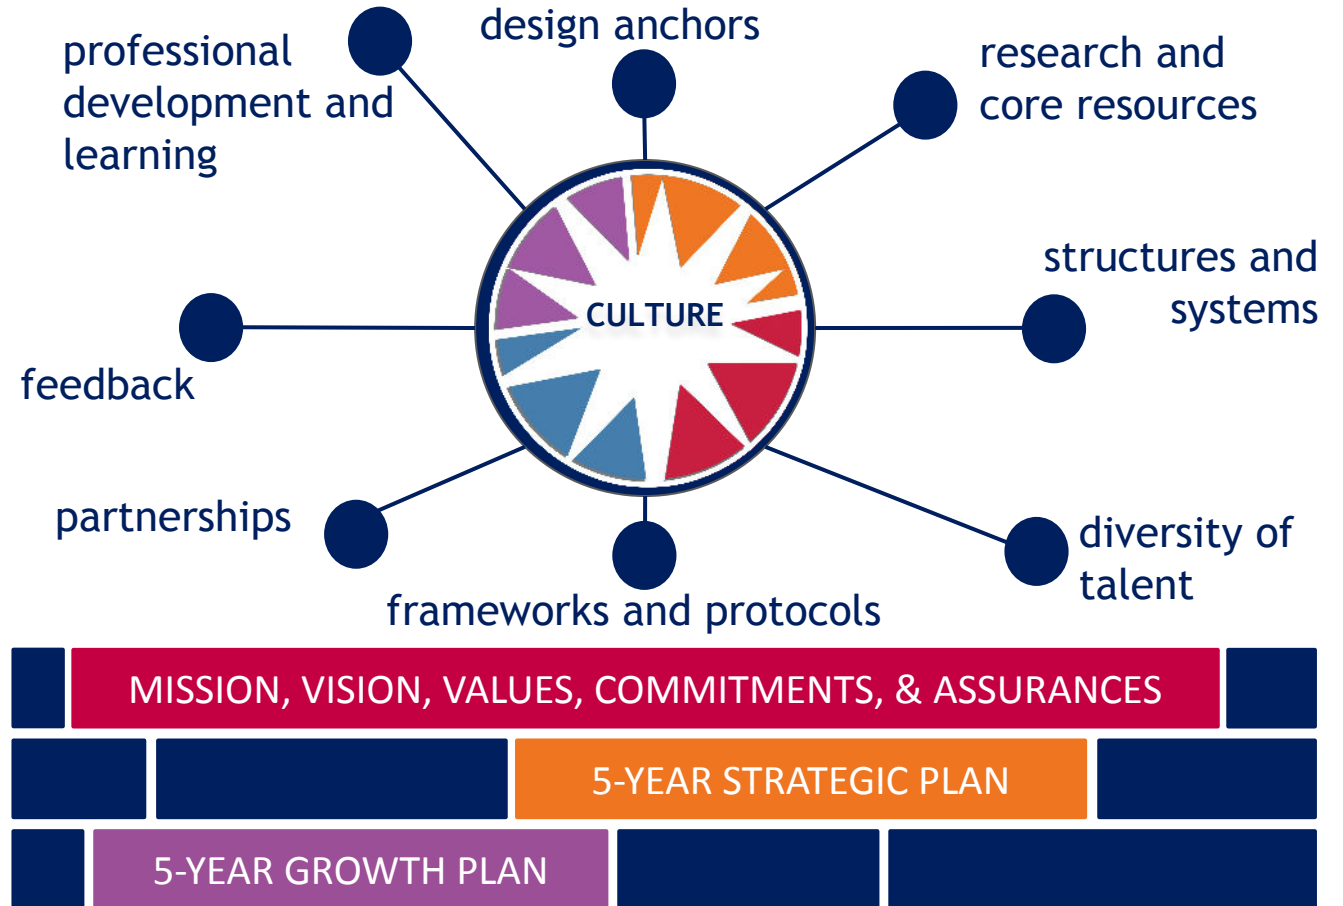

DISTINCTIVE SCHOOLS

What Makes Us *Distinctive*?

The Distinctive model uses culture as a catalyst to develop:

- Future-ready, 21st century learners
- Personalized instruction and customized school models
- Sustainable organizational network

The Distinctive Organizational Model

**WE MAKE
LEARNING**
Personal.

The Distinctive Model

ACADEMIC MODEL – Distinctive Schools intentionally integrates rigorous academic expectations, social and emotional learning, and personalized learning.

TRAILBLAZING COLLABORATION – Distinctive teachers use a strengths-based approach coupled with real-time feedback generated from short-cycle assessment data. Distinctive Schools educators coach students in the development of strong and positive student identity and agency, successfully transitioning from a traditional focus on teaching to a focus on *deep learning*.

GROWTH & SUCCESS – Distinctive Students consistently exceed national norms on both growth and attainment targets.

Covid-19 Response

Long before COVID-19 spread across the U.S., Distinctive Schools was working to create **student-directed learning pathways**. Our students are in the driver's seat of their learning, and during the pandemic we put that philosophy to test.

Post Pandemic Distinctive: Schools as *Community Hubs*

A community hub is a public space that brings several community agencies and neighbourhood groups together to offer a range of activities, programs and services.

We must find a way to remove barriers to education by listening to *what families need* and delivering the necessary resources. By focusing on schools as community hubs, we will give students and families access to the academic, health care and social services that they need to thrive.

Through intentional partnerships we will create a web of essential and connected services and weave the unique fabric that makes each school community strong.

Community Hub
DESIGN
CHALLENGE

TODAY'S OBJECTIVES:

Leaders will be able to:

- Define the key characteristics of a schools as a community hub
- Build off of assets of a community and Identify key levers and opportunities to create a robust community hub
- Learn a process to design solutions that address systemic barriers and inequities that families face in your community

Leaders will understand:

- Investments should reflect your beliefs
- The entire community benefits when schools, families, and community partners work together.

A Vision for the Future | Sankofa

“Sankofa” teaches us that we must go back to our roots in order to move forward. ***We should reach back to gather the best of what our past has to teach us so that we can achieve our full potential as we move forward.*** Whatever we have lost, forgotten, forgone, or been stripped of can be reclaimed, revived, preserved, and perpetuated.

The Journey | *Sankofa*

“Stories have power.

They delight, enchant, touch, teach,
recall, inspire, motivate, challenge.

They help us understand.

They imprint a picture on our minds.

Want to make a point or raise an issue?

Tell a story.”

Mission

The mission of CICS-Bucktown is to inspire a culture of respect and inclusivity amongst individuals of different cultures, races, orientations, and backgrounds. We support each child's physical, social, emotional, and academic learning for success at school and beyond by accelerating student achievement through a personalized learning approach.

Vision

Our vision is to provide students with culturally diverse and high level instruction that leads them to be performing at grade level, high school ready, and college bound. We commit to planning authentic learning experiences for our students, building strong student and teacher relationships, and creating an environment where all of our students feel safe and included to be their true selves.

Belief Statement

As a Bucktown community:

- Everyone is welcomed the moment they walk through the door.
- Each community member belongs and is celebrated for the similarities, differences, and perspectives they bring to our BT community.
- We will consistently educate ourselves to learn about different cultures and backgrounds to grow and learn as a community.
- You belong here.

Flexible spaces on each floor. It's hard to hear in the hallways.

From a SPED teacher's perspective, having more classrooms is essential!! I think that having consistent access to a quiet, conducive learning space has been a huge barrier for my students this year. My resource students and I frequently have to share spaces, go into small, non-classroom-designed spaces, sit in the hallway, not have access to our usual classroom, etc. due to extremely limited space. Please make this a priority!!!! More resource rooms, more flex spaces that could be used by just one resource teacher at a time, etc. would be extremely valuable. I believe that other SPED teachers, CLD teachers, and related service providers likely feel similarly.

CICS Bucktown → Data Driven Community Hub

Our action steps in becoming a Community Hub:

- Hired our first Community Schools Coordinator
 - *Sponsored collaborative community events*
 - *Facilitating Community Outreach with partners and potential partners*
 - *Launched Community Newsletter*
- Equipped all classrooms with SmartBoards
- Outfitted the gymnasium to function as a multipurpose events space with projection capabilities, automatic blinds for room darkening, etc.

Quick Reflection...

What does it feel like to “dream big” and then be asked to “dream bigger”?

Did you have trouble coming up with ideas?

Are some ideas building off or improving something that’s already in place?

PART 4: *Planning Your Next Steps*

So... *perhaps*, you're not swimming in money?

- Funding Ideas
 - how to advocate & allocate funding
- Planning for non monetary items; partnership brainstorming
- Making connections to current and potential partners, family businesses, what to write off, securing grants, pitching to funders

Get Creative with first steps for action

Take one of the ideas and map out the steps

Even Plan A. B etc..

Example: if we don't have the funding for the entire project what are some small wins we can do?

- Art teacher mural in hallways
- Smaller space for library until larger space is available
- Community Coordinator - one family event a month

From Talk to Action | Planning Your Next Steps:

Based on what you are thinking AND how you are feeling...

Potential Next Steps

- **Prioritize:** Continue to narrow your Moonshot Thinking ideas, facilitate the Moonshot Thinking activity with your teams
- **Stakeholder Engagement:** Identify the stakeholders groups you need to engage with and how/when you might do this
- **Prepare:** Review the resources that have been shared today (see last slides)
- **Team Communication:** Plan for sharing this initiative with your teams
- **Calendar:** Schedule Community Hub Planning meetings or add to existing meeting agendas

BUILDING COMMUNITY BEYOND THE SCHOOL DAY

- Elevated student, parent, and community voice
- Deepened intentional community partnerships through on needs assessments
- Integration of community supports and services
- Increased student growth & achievement as measured by NWEA MAP and curricular data

DEVELOPING A SENSE OF BELONGING

- Increased student engagement, reduced chronic absenteeism
- Increased teacher capacity with trauma response as measured by Upbeat and staff surveys (pre/post)
- Reported student experience (YouthTruth) of sense of belonging, affirmed identity & academic rigor
- Increased percentage of students showing competency on the SELWeb direct assessment

Proposal Planning: Guiding Questions**

Purpose: *This planning document is a resource that principals, in partnership with key stakeholders, should use to prepare their final proposal and pitch. We highly recommend using this template to ensure a robust proposal that reflects intentional thinking, creativity, and reflection.*

Expectations

- Review the constraints to ensure that all initiatives are aligned.
- Reflect on and discuss the guiding questions. While you do not have to answer every question, keep in mind that each question has been designed to ensure deep and intentional thinking and planning.
- Write a brief "Impact Statement" for each section. The Impact Statement should synthesize stakeholder discussion and input.
- Impact Statements are due by the established deadline of Friday, February 18, 2022 @ 11:59 p.m.
- Impact Statements should inform the content of your in-person pitch.

| Impact 2-3 sentences | In what ways will this provide long term returns on our investments for students, staff, and families? |
| Priority Area 1 sentence | Explain how this investment is in service of {insert school or district priorities in alignment with mission statement}. . |
| Total Cost | What is the net cost of the initiatives? What is the spending timeline? |
| Key Questions (Q & A) | <p>These questions may be asked following the pitch:</p> <ul style="list-style-type: none"> In what ways does the proposal represent a commitment to “never going back”? Conversely, in what ways are the proposed investments rooted in the lessons learned from the past (Sankofa)? What are the Community Hub needs and supports that you will invest in to ensure that the design solutions lead to long-term engagement with the community you serve? In what way(s) does the proposal provide academic and/or non-academic opportunities that cannot be achieved with our current tools, programs, and partnerships? What new opportunities lie ahead? Will the proposal leverage, replace, or overlap with existing people, process, and/or systems? |
