**The work of education is learning.**

**Education is done by and with the learner.**

**All learners are unique, capable, curious, and wondrous.**

**Learning happens when a learner's interests, passions,  
and purpose are engaged.**

**The purpose of education  
is for each young person  
to discover who they are,  
their unique gifts, and how  
to contribute those gifts  
meaningfully to the world.**
